

NO LONGER I

Chorus

It's no longer I who lives
But Christ who lives in me

Verse

I want the world to see You
Let it be known You're alive in me
All that I want is more of You & less of me

With every breathe I bless You
In freedom I sing to shout Your fame
All that I am is for the Glory of Your name

Chorus

It's no longer I who lives
But Christ who lives in me

Bridge

I surrender all (to you)
I surrender all, every want, every need
I surrender all (to you)
I surrender all, every hope, every dream
